BIG SANDY NEWS.

FRIDAY, JANUARY 13, 1893.

Circuit Court will adjourn today.

M. S. Burns went to Cincinnati Monday.

Good fine salt at \$1.00 per barrel at Gummells.

Lon Borders, of Catlettsburg, was here this week.

K. Sachs returned Monday from a trip to the city.

Only 50c for barrel at Borders & Stewarts.

Dr. Wells, of Newport, was in Louisa last week.

The mill registration fee is now eight cents instead of ten.

Miss Hattie Jones closed her two months' session of school Friday.

Purity is the only reliable flour. Made to order for Sullivan, Wilson & Co.

The old directors in the Bank of Louisa have been re-elected for this year.

Sam Foose came down from Pearl Orchard and spent Sunday at home.

The school teachers were in last Saturday to receive the reward for their labors.

Rev. Cox returned last week from a visit to his feeble father, who is 81 years old.

If you want good fine salt, call on Gummell and get it for one dollar (\$1.00) per barrel.

Please remember that D. M. Jones the photographer has now located in Louisa.

One of the twins recently born to Lot Wellman's wife died a few days ago. It was the boy.

Mr. C. H. Stuart took his place in the Louisa schools Monday, having recovered from his recent illness.

Judge Kline yesterday appointed A. J. Garret Master Commissioner. The selection is a good one.

We are glad to hear that Tip Moore is better and that there is now good prospect for his recovery.

A protracted meeting will begin at the M. E. Church South next week. Rev. Hiner will be assisted by his father.

If you want your husband to buy you a new seal-skin sack, buy some pure Buckwheat flour & Maple Syrup at Sullivan, Wilson & Co.

The building association loaned \$1,200 last Saturday night. This money all goes toward securing homes for those who need them.

If you want photos or tin types, you can get them at Jones' photographic gallery any time. It makes no difference about the kind of weather.

Before you ask a man if this is cold enough for him, it is well to prepare for the worst. A breach of the peace has often been provoked by less cause.

H. E. Ferguson arrived home Monday from Dingus, W. Va., where he was engaged for the past five weeks in erecting and putting into operation a telephone line.

The West Virginia coal dealers have been hauling coal across the ice. Two yokes of oxen drawing a wagon containing twenty-five bushels of coal have been crossing safely.

Mr. L. S. Johnson returned home Monday from a trip to Kansas and Missouri. Mrs. Johnson and Hittson returned from Ironton, where they spent two weeks with relatives.

The cold weather got in its work on the News office this week and the paper is printed under disadvantage. One of the tubes of our steam engine burst from freezing and the press work had to be done by hand.

Supt. Berry received his last school check Friday, the amount being \$730.11. Most of the schools have closed. The wages paid while teachers ranged from \$25 to \$80 per month, the average wages being over \$40.

Some pitiable sights have been witnessed at the present term of court in the persons of indigent debtors who were brought in for examination in order to secure the allowance provided by law for such unfortunate.

The new columbian postage stamps are already in extensive use all over the country. The designs are quite tasteful, each different denomination containing a copy of some famous painting touching upon the discovery of America. They are to be used only until 1893.

The Louisa Loan & Building Association last Saturday night elected the following officers for 1893: Directors: Angus, Snyder, Alex. Lackey, J. W. H. W. Gummell and A. W. Cupp. Secretary, M. S. Hiner. Treasurer, C. F. Cleburne. Attorney, J. W. H. H.

The Louisa Roller Mills have been having trouble with a defective roller which has interfered seriously with the business. They hope to have it remedied in a short time.

Judge Kline resumed his position at the head of the court last Monday. All the murder cases have been continued until next Court and Prosecutor Bellwine left for home Wednesday. The civil docket was then taken up and is now occupying the attention of the court.

The regular January examination of applicants for teacher's certificates was held here last Friday and Saturday. 33 applicants were examined, 21 of whom received certificates. Two were first-class, issued to T. C. Burton and Miss V. E. Sackman. Ten were 2nd class, twelve 3rd class.

We inadvertently failed last week to mention the death of Mrs. J. C. Castle, which occurred at her home near Sedalia, Mo., on December 21st. She was 70 years old, the mother of Hon. G. W. and H. W. Castle, of this county, and reared her family in this vicinity, removing with her husband to Missouri 20 years ago. She enjoyed the best of health up to a short time before her death, her fatal illness being of short duration.

It is perhaps not generally known in our community that right in our midst there are a few cases of the most abject poverty—families actually in danger of starving and freezing to death. This unusually long and severe spell of weather has placed some of the poor people who live in open houses in just such condition. A small amount of investigation will discover a field for home mission work and no time should be lost in looking after it.

Herebefore the Cincinnati East Line over the Chesapeake & Ohio R'y, which leaves Washington in the afternoon, has had dining car service only for dinner and supper on the day leaving Washington, breakfast not being served on the morning of arrival in Cincinnati, but on the 11th inst., the service will be made complete to enable Cincinnati passengers, as well as those destined beyond, to take their breakfast in the dining car before reaching Cincinnati at 8 a. m.

A New Drug Store.

A. M. Hughes has completed arrangements for opening a first-class drug store in Louisa. We learn that everything is entirely new, the fixtures handsome and modern, and the stock fresh and complete. It will be opened soon in the Barrett store room.

Cold Famine.

A threatened coal famine has been staring our people in the face for several days and the prospects were not so bright as "shak-yet." It makes us realize that, though surrounded by beds of coal, we may suffer for want of it. The mines at Pearl Orchard were suspended Monday because of a disagreement between the employees and the company in regard to a wage-increase, but the men have returned to work and we now have prospects of getting all that is needed. The experience should teach us to prepare for winter before it comes.

127 Indictments.

The grand jury adjourned yesterday at noon after a ten-day session. They returned 127 indictments, classified as follows: murder 1, grand larceny 2, petit larceny 2, store breaking 1, carrying concealed weapons 17, Sabbath breaking 3, killing hogs 2, gaming 12, giving spirits to minors 3, assault 3, breach of peace 12, cutting and wounding 2, forgery 2, detaining a woman 1, malicious striking 1, shooting and wounding 3, shooting in town 1, adultery 2, disturbing congregation 1, selling spirituous liquors 31, obtaining money under false pretenses 1, giving spirits on election day 1, conditions, mischief 1, perjury 1, illegal voting 1.

Depot Removal.

The railroad company has had the old building formerly used as an engine house situated in Thomastown, repaired and put in shape for use as a depot, and the business will be transferred to that place in a few days. A new depot will probably be built sometime within this year. The building used at present as a depot will be used as a ware room.

The "Y" has been taken up and a side track laid along the rear of the depot.

It is unfortunate for the general public that this matter could not have been adjusted so as to cause no change, but it seems to be difficult to find just where the blame should be placed. The complaints of some of the citizens and the refusal of some of the citizens of the town to sign a petition for the removal of the depot, and the action they took, is out of the question. It is a pity that some of the citizens should be so prejudiced, as to cause such a loss of money to the town.

Just what was done on short notice, at this office.

Another Edition.

In consequence of the demands upon the Chesapeake & Ohio R'y. for its souvenir book, a second edition of the humorous poems and sketches of Howard Saxby has been issued, a copy of which will be sent to any address by sending 10 cents in postage stamps to C. B. RYAN, Asst. Gen'l. Pass. Agt., Cincinnati, O.

Transgressors' Dues.

Columbus Stewart was last week sentenced to the penitentiary for grand larceny. He stole a check for \$25 and confessed.

Leander Hickman and wife were each fined \$1,000 for malicious mischief. They were convicted of setting fire to a fence with malicious intent. This is one of the largest fines ever administered in this court.

A Heavy Slide.

There was a very heavy slide on the railroad track at Richardson on Wednesday of last week. The wing of the "Y" on which the locomotives turn was covered with such a large amount of dirt that it has not all been cleared away. The locomotives have therefore been compelled to make the trip one way with tender in front. A good deal of trouble is expected from slides on the road from Sandy bridge to Richardson during the wet Spring season.

The Weather.

The most talked about subject of the past week has been the weather, and it will hardly be denied that it has done its duty toward meriting annual attention. It is probably the severest spell of weather this section of country has had for more than twenty-five years. The ground has not been clear of snow since the 15th of December, and the mercury has been persistently diving for the zero mark, with altogether too much success. Here is the record for the past week as shown by the thermometer at the government office at this place, which registers the extremes in each twenty-four hours: Friday morning it showed 7 degrees above zero; Saturday 2; Sunday 15; Monday 12; Tuesday 3; Wednesday 22 degrees below zero.

Monthly Crop Report.

WHEAT.—The wheat crop for the year 1892 was the largest we have ever raised. As is usually the case, those who threshed and sold early have realized the best prices. A great many farmers are still holding their wheat, not willing to sell at present prices. From the county of Shelby my correspondent writes, "much more wheat in the hands of farmers than this time last year." We have the same report from Ohio county and others I could mention. The growing crop was reported as looking better than was expected, until the present cold spell of weather. The late sown wheat was making the best show. The long continued cold spell, without any snow to protect it will be very trying on it, the plant being very small and tender.

OUR NEIGHBORS.

A Republican paper is to be started at Dunlow, W. Va., soon.

The electric street car line between Ashland and Catlettsburg is about ready for operation.

John Fleming killed his uncle John Mullins in Logan county, W. Va., recently, and was released on the grounds of self defense.

While under the influence of liquor Jas. White accidentally shot and killed his sixteen-year-old brother in Logan county, W. Va., recently.

Judge Harvey has granted a temporary writ of injunction enjoining the Kellogg Powder Mill folks from rebuilding and operating the same. Complaint against the mill is so universal that we are surprised that any company would undertake to operate it. It is a dangerous nuisance.—Ceredo Advance.

Before starting for the penitentiary, Forgy, the Huntington train bandit, confessed to jailer Jones that he robbed a post office and store on Bear creek, Ky., about a year ago.—Wayne News.

Last Friday a wrecking train on the Norfolk & Western, ran wild at Turkey gap, the summit of the gradient the head of the grade at the head of Elkhorn, and ran down the valley at the rate of 30 miles an hour for several miles. The train on board were unable to check the train or to jump off. It was finally stopped by running into a work train. Three men were killed and two others severely injured.—Wayne News.

The Warfield Property.

Col. Milton Hume and Major E. B. Gordon, of Huntsville, Ala., who purchased the Warfield property some months ago, were last week examining the property as well as the conditions lands in this county. They expect to utilize the natural gas which is flowing so freely from the wells opened by Capt. Allen a few years ago, as well as to open new wells. It is their intention to pipe the gas to either Catlettsburg, Ky., or Kenova, W. Va., and then by smaller pipes to furnish Huntington and several other towns along the Ohio River, with light and fuel. Major Gordon is a brother of Senator Gordon of Georgia.—Logan Banner.

Married, recently, near Louisa, Floyd B. Adkins to Miss Pricie Waller, and C. Murphy to Miss Minnie Rice, Rev. A. M. See officiating.

By an oversight which we very much regret the account of a leap year party given on the evening of December 30th failed to get into the News last week. The party was a most enjoyable affair, as was attested by the fact that the guests lingered until one o'clock before a "good night" was heard.
